

For Android Travel eSIM Installation Procedure

Important Notes Before You Install the eSIM Profile

Your data plan's validity starts immediately when the eSIM receives signal in Japan.

- To successfully install the eSIM, a stable Internet connection is required.
- The eSIM can only be installed once. **DO NOT DELETE/REMOVE** your eSIM from your device after the successful installation.

Installation Steps

1. Connect to WiFi \rightarrow 2. Issue eSIM QR code \rightarrow 3. Install the eSIM profile \rightarrow 4. Setup APN

1. Connect with WiFi

Please go to "Settings > WiFi" and connect to WiFi. You can use the airport's free WiFi.

2. Issue eSIM QR code

2.1. Check the email "[Japan eSIM] QR code Issue Link / Sakura Mobile" and click "Get your eSIM QR code". 2.2. Click the button "Get QR-code" and issue your eSIM.
